New York, Metropolitan area

I am a UI designer with a background in pastry art, human development, fashion, and interior design. I was born and raised in India and I have always been passionate about design and creativity. I am experienced in communicating with customers and dedicated to understanding what clients want and need. I empathize with clients and take pride in my organizational skills and attention to detail.

PROJECTS:

- **Wagtales-** A location based app created using Balsamiq, Sketch and Invision for pet parents to find anything pet-related from pet clinics to dog parks or emergency facilities in any area.

- **Grocers-** An online shopping app designed using Sketch where users can shop their groceries from stores in their area with contact-free delivery.

- **Plated Pixiedust-** A recipe app created using Sketch, Usability hub and Invision in which users get a step by step recipe and video for vegetarian and vegan recipes.

- **Ping-** A messaging app mini project created using Sketch and Flinto.

- **Remember-** A note taking app mini project created using Sketch.
